Plan New Company**
Identical with the Kennecott
Copper Corporation are credited in Wall
Street with having obtained control of
the Mother Lode Copper Mines Com-
pany of Alaska.

The two mines are in close proximity,
and the ores are very much alike. The
Mother Lode property has never been
developed properly because of the lack
of capital. The formation of a new
company to assume control of the
Mother Lode is said to be planned with
the intention of bringing up the
outstanding stocks and bonds. An
official announcement of the terms of
the exchange is expected within the
next week.

BISURATED MAGNESEA is Magnesia
especially prepared for the
certain correction of dangerous stomach
acidity. It comes only in the form of
five-grain tablets and powder in sealed
tins. It is recommended with confidence
as a remedy for all forms of magnesia or
citrate of magnesia. Look for the word

**Y. M. C. A. WORKERS
URGENTLY NEEDED**

Secretary Mott Sends Stirring Ap-
peal Backed by Poincaré and
Clemenceau.

The War Work Council of the Y.
M. C. A., No. 217 Madison Avenue,
has just received a cable message
from the Secretary, Dr. John R. Mott,
urging the need of many additional
workers at the front.

"Both President Poincaré and Pre-
mier Clemenceau," the message
reads, "emphasize in strongest terms
the need of co-operation, and many
of our American Generals insist that
our work must keep pace with our
military expansion."

According to Dr. Mott's estimate,
there will be needed each month,
from May to September inclusive, 700
workers for the American troops in
France and England, fifty for the
French Army and ten for the Italian
Army. Expiring contracts and cas-
ualties may swell the list to over 800,
of which 140 should be women for
American work and five for French
work.

The War Council has just completed
arrangements by which John Mass-
field, the English poet, who is in the
United States in the interests of the
British Pictorial Commission, will
give all his time between May 10 and
July 31 to presenting the value of the
Y. M. C. A. organization and its prop-
aganda of the Allies, as prepared by
the commission, to audiences of sol-
diers. The first lectures for the War
Council will probably be given in the
camps nearest New York.

Left Fund for Wounded Men.
A bennet of \$500 for the benefit
of United States soldiers wounded
in France is made to the wife of Mrs.
Louise Adeline Waters, who died
April 22 at No. 260 Greene Avenue,
Brooklyn. This was filed yesterday. An
additional \$500, left to Francis
Wheeler, is to go to the wounded
soldiers if Wheeler is not to be
found. The residue of the estate,
\$15,000, is left to Lydia H. Shaw.

Great Wartime Sale of Pianos

Surpassing by a Hundred Thousand Dollars and Almost A Hundred Instruments the Best Records of Former Years

OVERWHELMINGLY THE GREATEST in the history of this Store, overwhelming in the number and value of its offerings, overwhelming in the size and quality of savings without much doubt destined to remain unequaled within the next half-decade at least, this sale is *recognition* of the overwhelming importance of MUSIC in home life under wartime conditions—of the fact that the lack of good music NOW would be in any home an actual *deprivation*.

Corresponding to the greatness of the need are the opportunities of this sale. Never has it been possible to choose from so great a number of truly fine instruments, never has so great an assemblage of names famous and well-known in Pianos been brought together, and it is certain, if prices continue to rise as they have risen in the past two years, that never again will prices quite so low be possible. This sale brings

The Low Prices & Great Values of Possibly This Decade

Guaranteed Uprights, \$115 Up; Grands, \$250 Up; Players, \$225 Up

The true *lowness* of these prices will be understood when compared with the rapidly rising prices of every good instrument made today.

The true *quality* of the instruments will be appreciated when note is taken of the facts that each bears a name well known; that each has a sound, well-built mechanism to start with, and that, after so thorough an overhauling as we gave it in strings, casing and every mechanical part, it is in practically as good playing condition as when new.

This condition is GUARANTEED by Loeser's; any instrument you buy, you may buy with the confidence that it will give you the finest money's worth of service, of pleasure and pride in its possession, that even a *new* instrument could give.

In NEW instruments also there are greater opportunities. Greater

in number, since eight famous makes are now numbered in the Loeser line; and in respect to the Bradbury and Webster Pianos, which we acquired in the recent great deal, the greatest in price in over SIXTY YEARS.

All these instruments are DOUBLY GUARANTEED; many are perfectly new and reduced only because of a coming slight change in case design; the most use that any of them have had is in demonstrations on our floors—indeed, this portion of the sale will have possibly the strongest attraction for the many people hereabout who know the pinnacles of VALUE, of musical worth, which these instruments of the Loeser line represent.

But in any respect, this sale represents an unsurpassed—indeed, a supreme—opportunity; an opportunity scarcely to be duplicated in the future in all its advantages. It is

Your Chance to Buy--and on YOUR Terms

a Piano or Player-piano that is truly fine and worth while; to put something in your home—GOOD MUSIC—which will be a tower of strength to you and an inexhaustible pleasure in the long days of war which are still ahead; and it is a call to do it NOW, for such low prices, such favorable terms, so great a choice from the finest and best that the entire Piano world affords, can never be offered at ordinary times.

A good Piano or Player-piano on almost any terms is an indispensable now—but do not hesitate to put up to us any terms which YOU feel you can afford. If your plan is in the least reasonable, we will feel that we are doing a patriotic service, in these times when music is so much needed, by accepting the terms you propose.
